

Demonstration of Dragon NaturallySpeaking Speech Recognition Software

Tuesday, December 8

Bldg. 2-100B

By Chris Mantani, Zephyr-TEC

Part 1: Demo for prospective or new users of Dragon: 12 - 12:30 p.m.

Part 2: Discussion and Q/A for current users: 12:30 - 1 p.m.

All LBNL employees and guests welcome to attend
and bring lunch; soft drinks/desserts will be provided.

NOTE: Only the Windows version will be demonstrated on Dec 8. For
information on MacSpeech, Speech Recognition for Mac OS X, you can go to:
<http://www.nuance.com/naturallyspeaking/products/macintosh/default.asp>

For a preview of the capabilities of recent versions of Dragon Naturally Speaking,
you can Google 'Dragon Naturally Speaking' and search for videos.
(The 1st 5 hits provide an introduction; the 4th and 5th are the least commercial)

Sponsored by the **LBNL Dragon NaturallySpeaking Interest Group (DIG)**. DIG
meets monthly to exchange experience and tips. Anyone interested in attending,
sharing their experience or interested in using Speech Recognition is welcome to
attend these brown bags. Contact Ira Janowitz (ILJanowitz@lbl.gov, x6071) or
Ciccina Guagliardo (Fguagliardo@lbl.gov, x 6490) for more information.
